

TOOTH WHITENING FOR LIFE

Prezioso Dental

www.prezidental.com

We feel that you should not only have a bright beautiful smile, but a healthy one for life!

The Whitening Advantage

When people have a brighter smile, they tend to smile more often and are less self-conscious. In addition, a whiter smile tends to minimize the appearance of facial wrinkles, giving way to a more youthful and energetic appearance.

How It Works

Come to our office for your cleaning, exam and x-rays and we will provide you with custom bleaching trays .

Keep your 6 month dental cleanings and you will receive additional whitening gel 2 times per year for the rest of your life at no charge.
